

To'hajiilee Community Update from CBNHC: As of December 15, 2022 we have recorded 1553 **positive** total cases of coronavirus. **We have had 9 new positive cases in the past 7 days**, and 19 positive cases for the month of December. **November = 21% December = 15%**

As of 12-15-22:

ADULT: 2110 #1, 1936 #2, 1120 #3, 210 #4

Bivalent Boosters given: 227

5-11 YEAR OLDS: 121 #1, 60 #2, 28 #3

6 MONTHS- 4 YEAR OLDS: 11 #1, 11 #2

News: Conditions are worsening across the country, with reported cases and hospitalizations up more than 25 percent in the past two weeks and test positivity rates rising quickly. The current surge is milder so far than at this point in previous winter waves, but its nationwide scope is concerning. Since Thanksgiving, all but four states have seen hospitalization counts increase. An average of 481 cases per day were reported in New Mexico in the last week. Cases have decreased by 14 percent from the average two weeks ago. Deaths have increased by 100 percent. Since the beginning of the pandemic, a total of 654,144 cases have been reported. At least 1 in 239 residents have died from the coronavirus, a total of 8,773 deaths. Some good news- we now have the bivalent Omicron vaccine for 5-11 year olds, and the 6 months old to 4 year old vaccine is on its way! Please call to make an appointment.

Mondays 1-3:30 , Tuesday through Friday: 1- 2pm. We will offer home testing kits to people that show up at other times.

Pfizer **PEDIATRIC** Clinics- Wednesdays by appointment

Pfizer **BOOSTER ADULT** vaccines: Fridays by appointment, Moderna Clinics- Tuesdays by appointment. Call 908-2307 x 238 or x 138 for appointments.

Respectfully, CDR Alexander Varga, USPHS
