**News:** Sadly, **cases are on the rise here in To'hajiilee**. Please remain vigilant- wear your masks, avoid large crowds, maintain hand hygiene. An average of 616 cases per day were reported in New Mexico in the last week. **Cases have increased by 64 percent** from the average two weeks ago. Deaths have increased by 9 percent. Since the beginning of the pandemic, at least 1 in 3 residents have been infected, a total of 633,631 reported cases. At least 1 in 242 residents have died from the coronavirus, a total of 8,677 deaths. January 2022 was the month with the highest average cases, while December 2020 was the month with the highest average deaths in New Mexico.. Some good news- we do now have the bivalent Omicron vaccine for 5-11 year olds. Please call to make an appointment.

Mondays 1-3:30 , Tuesday through Friday: 1- 2pm. We will offer home testing kits to people that show up at other times.
